

Please read this before looking at the "MC History".

This document is information gathered from papers and pictures of events relating to the Mariner's Cove area. Information is generally accepted as part of Mariner's Cove's history but no research has been done for factual verification. Any corrections or additions would be appreciated.

Additional information would be appreciated as it pertains to all events such as the sanitary sewers installation, street replacement, pool installation, boat docks, ect. There are stories to be told during these events and the effects upon the residents during those times. Please consider putting events in writing for others to know what it was like to be in Mariner's Cove during those times. Send by mail or email.

Thanks,
